		b)write one example of local winds?
		c)what causes the local winds which take place at night?
	10	a)Which winds influence the climate in North Western Kenya and North-Eastern Uganda?
	b) How do the above winds influence climate?	
	c) why do the winds above influence climate ?	
Exercise 45	1	How does Vegetation influence the climate of an area?
	2	How do the westerlies influence the climate of East Africa?
	3	a) Which human activites modify climate?
		b) state how the above human activities influence climate?
	4	In which one way are water bodies important in the formation of rainfall?
	5	Give three ways in which Climate influence human activities.
	6	State five different weather instrumenst and their uses.
	7	Mention one way of managing sunny weather.
	8	Give the importance of weather station in a school.
	9	Why is a rain guage raised 30cm above the ground
10	a) Identify two weather instruments kept in the stevenson's screen.	
	b) Give a reason for keeping the above instruments in the stevenson's screen.	

ACTIVITY	No	Questions												
Exercise 46	1	Fill the table below												
		<table border="1"> <thead> <tr> <th>Weather Disaster</th> <th>effects</th> </tr> </thead> <tbody> <tr> <td>Floods</td> <td></td> </tr> <tr> <td>Land slides</td> <td></td> </tr> <tr> <td>Famine</td> <td></td> </tr> <tr> <td>Lightening</td> <td></td> </tr> <tr> <td>Hail stones</td> <td></td> </tr> </tbody> </table>	Weather Disaster	effects	Floods		Land slides		Famine		Lightening		Hail stones	
	Weather Disaster	effects												
	Floods													
	Land slides													
	Famine													
	Lightening													
	Hail stones													
	2	a) Mention the problems associated with wet and warm areas to living things .												
		b) Suggest solutions to the above problems												
	3	a)Name four ocean currents in Africa												
		b)How do the Mozambique Currents influence the climate of East Africa?												
	4	a) Name two winds found in Africa												
		b) how the above winds influence climate?												
	c)Draw a map of Africa showing wind movement.													
5	Why do areas around the Equator experience high temperature?													
6	Name two warm ocean currents that influence climate in Africa.													
7	What causes ocean currents?													
8	How does climate determine human activities?													
9	What are sea breezes?													
10	Which climate favour the growing of citrus fruits?													
Exercise 47	1	By whose word were the earth and heaven created?												
	2	What was the appearance of the earth before the creation?												
	3	What hovered over the waters of the earth during the creation?												
	4	What is the relief of some scientists concerning the creation of earth?												
	5	How long did it take God to create the earth and all the creatures in it?												
	6	What are creatures?												
	7	What was the attitude of God towards what He had created?												
	8	When God Separated light from darkness what special names did he give to the light and darkness?												
	9	What did God Create on the second day of the creation?												
	10	On which day did God create the land ,seas and Vegetation												
Exercise 48	1	What animal was the most crafty before the fall of man?												
	2	What is meant by the fall of man?												
	3	Who is blamed for the fall of man?
